POLITICS STIR ON MAUI

THE TIMID CANDIDATE BEGINNING TO STROLL OUT WITH HIS LIGHTNING ROD—WHO'S WHO.

KAHULUI, Maui, May 26.—Politics on Maui are beginning to warm up, and as is well known Maui never takes a back seat in politics. The Republican rolls are open in all the precincts of the island, and the back-bone of the country are coming forward and announcing themselves. The Home Rule Democrats have their eyes open also and are watching their opponent closely. It is said that W. H. Cornwell will be their nominee for senator, and that T. B. Lyons will be put up for Supervisor for Wailuku. The Republican nominee for Supervisor for Wailuku district has not been announced as yet, although their names are being put forth tentatively. T. M. Church will, without doubt, be again put up by the Republicans of Makawao district, and he surely deserves election for the good work he has done for the County. W. H. Henning will again be the Republican candidate for Lahaina no doubt, but who his opponent there will be has not been announced as yet. Nothing has been heard yet from Molokai and Hana, but the present supervisors from those localities are in line for renomination, and will have strong backing. All of the present County officers will be up again for renomination, with possibly one or two exceptions, but there are going to be other aspirants for several of the offices also.

Wail Of A Fan

I have sat upon the bleachers With the yelling hooting crowd In the grandstand I have nestled With the wealthy and the proud I have been in many places But the one that was immense Was down in Honolulu In the tree beyond the fence.

There was a limb that I had climbed To, times enough to wear it slick I could see the pitcher working And the batters use the stick I could always see the runner Thought the crowd was big and dense I could always tell the players From that tree beyond the fence.

It was there I always hurried Saturdays, and there I stayed, In my Algaroba grandstand Till the final out was made. It was there you'd find me clinging

With my features drawn and tense For I often grew excited In the tree beyond the fence.

I have tried the different places, Back of third I thought was great. I've sat just back of first and now I sit behind the plate. But something there is lacking I know not how nor whence For games seemed more exciting From that tree beyond the fence.

The Bill Went to President

CONGRESS PASSES ACT GIVING INCREASED POWERS TO TERRITORIAL GOVERNMENT.

A private cable has been received from Washington announcing the final passage of the act to authorize the territorial government of Hawaii to dispose of personal property transferred at the time of annexation to the federal government. The bill removes many difficulties which have embarrassed the local government in dealing with property of this sort. It passed the House on Thursday of this week and is now in the hands of the President, having passed the Senate some time ago.

There is a lot of property affected by the bill, much of it in the possession of the Public Works department. Under the letter of the law as it stood Superintendent Holloway was responsible for every mile, for example, turned over to him for use as property of the United States. The new law gives the Territory control and allows the Territory to sell such property if it chooses.

RACES TO BE HELD AT BISHOP'S WHARF

KAMEHAMEHA DAY COMMITTEE OBTAINED BISHOP'S WHARF FOR JUNE 11.

The plans for the coming celebration of Kamehameha Day, June 11, have been delayed on account of the committee being unable to obtain a wharf from which to carry on the aquatic sports. This morning the committee obtained the Bishop's wharf for the purpose and the plans will go forward rapidly.

For the day many races will be in order. These will consist of swimming races, boat races and diving contests of all sorts. Many of the island's swimmers and oarsmen are expected to enter. The plans of the committee will be completed within a few days as they intend to finish them as soon as possible. The program for the day will be drawn up soon.

Fear Being Sent to Siberia

THREE RUSSIANS ARRESTED HERE DREAD RETURN TO THEIR HOME GOVERNMENT.

The three Russians arrested as escapes from the transport Sherman were to have had hearings before United States Commissioner Mailing this morning on charges of unlawfully landing themselves on United States soil, but their cases were postponed to next week. They do not look much like anarchists, and in spite of reports that the Washington authorities took enough interest to see that they did not land from the transport at the other end.

The three prisoners are much afraid that they will be sent to Russian soil. They anxiously inquired this morning if there was any chance that the hearing of their cases would result in their being sent back to Russia, and this is all they are worrying about. They are escapes of some sort, it is believed, and may have a term in Siberia ahead of them if the Russian Government gets them.

ELKS MAY HAVE NEW LODGE ROOMS

C. M. COOKE'S BUILDING ON KING STREET TO BE USED AS A HOME FOR THE HERD.

The Elk lodge are to have new lodge rooms within the next three months if the present plans go through. They will be situated in C. M. Cooke's building over John Nott's store on King street. A new story is to be added to the building and the Elks will occupy two floors.

The first floor will be used for club rooms and will be partitioned off into billiard rooms, card rooms, and a reading room and library. A lunch room will be installed or a passage way cut into the Union Grill. On the top floor will be the lodge rooms.

The Elks are very enthusiastic over the new plans for the situation is far more favorable one than the one they have on the corner of Beretania and Miller streets.

EDITOR BURNS IS ILL.
A. M. Burns editor of the Hawaii Herald, is quite ill with malaria. He was able to issue the paper this week but had to seek his bed immediately. He contracted malaria while in China some years ago.

EVERYBODY SHOULD READ.

SQUATTERS OBJECT TO MOVING

THE LITTLE HAWAIIAN SETTLEMENT ON THE SHORE IN KUKULUAEO HAS NUMEROUS CHAMPIONS—THEY CLAIM THAT THE WARD FISHERY CANNOT BE USED ON ACCOUNT OF A BOARD OF HEALTH REGULATION.

The notice of eviction served on the Hawaiian squatters who are on government land in Kukuluaeo and who were protested against by Mrs. Ward on the ground that they injured her fishery right, has attracted a lot of attention. Some of it is political and the poor Hawaiians, most interested have more champions than they need. The opportunity to appear in the light of a champion for poor natives about to lose their homes was a good one in the eyes of more than one politician.

The land which the squatters occupy was recently bought by the government for \$3,000, and is to be used as a road. It is between the property of Mrs. Ward and the seashore, and the county is expected to go ahead in the near future with the improvement of the road, in which event the squatters will have to leave anyhow.

One of the points made in behalf of the people who are concerned in Mrs. Ward's complaints was that she could not lease her fishery, as no one would pay for it while the Hawaiians were camped on its shores, fishing almost every night. The fishery is one for which she was recently given a title in accordance with the decision of the United States Supreme Court in the fishery test cases. The squatters, however, claim that the fishery cannot be leased because the Board of Health will not allow fish from the vicinity to be

(Continued on Page Five.)

KUHIO TO BE HERE NEXT MONTH

WROTE TO FRIENDS THAT HE EXPECTED TO REACH HONOLULU BY JUNE 11—STRAIGHTENING OUT OF THE POLITICAL TANGLE OVER DELEGATESHIP EXPECTED TO FOLLOW HIS ARRIVAL—LANE CROWD MEET TOMORROW.

Delegate Kuhio will probably arrive here during June and then the politicians who are worrying over the plans for the next campaign will have a chance to straighten matters out. Kuhio has written to friends here that he hoped to get back by the first week in next month but it may be that he will not be able to leave in time to do so. He wrote that he hoped to be here by June 11. In any event the straightening out of the tangle over the delegateship will have to await his arrival for personal consultation with those concerned most.

Achl is said to have come out as a supporter of McCandless, but Achl insists that he is not working at all. Achl and McCandless had a falling out in the Senate, but according to Lane men, they are together again now. Achl wants to be supervisor at large, and wants the help of McCandless.

The arrival of Kuhio is expected to be followed by a conference with A. G. M. Robertson, the Republican chairman, which may have important results. Robertson is at present making no move of any sort and he declines to talk politics. There is, however, a general understanding that he was supposed to have Kuhio's support for delegate, and this is the matter to be straightened out by a personal discussion. The accusation of bad faith against Kuhio in running again, does not come from Robertson and the relations of the two are said to be quite friendly.

ROADS ON MAUI

KAHULUI, Maui, May 26.—The County road department is hard at work all over the island. Macadamizing is under way at Lahaina, Spreckelsville and Paia, and good work is now being done. At Lahaina the crusher is run by a gasoline engine, and is situated in the bed of an old stream. The road along the sea front of Lahaina is being macadamized, and about one-fourth of a mile is now finished. Near Camp 1, Puunene, or rather old Spreckelsville, about 100 yards has been completed and is a great improvement. Likewise at Paia a good start has been made and it means much for the island.
